

# Alan Blount

Technical Lead, Web Developer, DevOps, R&D, Product Owner, Communicator

183 Coral Ave  
Louisville, KY 40206  
**(502) 744-4942**  
**job@alanblount.com**

## EXPERIENCE

### **Allied Health Media, LLC** — *Director of IT and Development*

Nov 2007 - PRESENT

Architected, developed, and directed a CakePHP application which ran all the core functions of the business.

Lead a technical team of ~10, implementing a branching workflow, a code review (PR) process, and a TDD / BDD philosophy.

Designed a cloud server infrastructure at AWS and RSC for multi-tier, multi-os, and multi-app needs. Initial cloud deployment in 2009.

### **Via Studio, Louisville, KY** — *Senior Web Developer*

Feb 2007 - Nov 2007

Designed and built a fully redundant high-availability web server cluster & database cluster (Debian).

Primary web developer for a small (at the time) and excellent internet design studio. Worked on several projects for clients, in PHP and ASP.

### **Mercer HR, Louisville, KY** — *Primary Web Developer*

Sep 2004 - Jan 2007

Exceeded goals in the development of an intricate intranet website framework, integrating with Livelink and hundreds of pre-existing individual websites.

## EDUCATION

### **University of Louisville, Louisville, KY**

1997 - 2000

Double-Majored in Communication and Graphic Design.

Worked as an apprentice to a sculptor, [Dave Caudill](#)
